

Fellowship Opportunity: Hip and Knee Arthroplasty Royal Infirmary of Edinburgh, Scotland, UK

Training Fellowship available in Edinburgh to a qualified postgraduate Orthopaedic Surgeon who is a South African citizen or permanent resident.

The Fellow will participate in all aspects of patient care at the New Royal Infirmary in Edinburgh including clinics, educational meetings, research and varied surgical procedures. The Fellow will also get an opportunity to conduct their own operating lists.

Experience will be gained in primary joint replacement, complex primary joint replacement, revision replacement surgery and robotic joint replacement surgery.

The Fellow will have opportunity to participate in elbow and ankle replacement surgery.

The Fellowship requires a highly motivated junior surgeon.

Date of Fellowship:

01 January 2026 – 31 December 2026

The Fellowship will only cover the surgeons basic costs in Edinburgh and does not cover relocation, family costs etc.

The Fellow needs to be a member of SAAS
